Maintenance Mechanic

Description

Position Summary

We are seeking a dependable, hands-on Maintenance Mechanic to support the safe and efficient operation of our metal-forming manufacturing facility. The Maintenance Mechanic will **report to the Facilities Manager** and be responsible for troubleshooting, maintaining, repairing, and performing preventative maintenance on manufacturing equipment, machinery, building systems, and facility infrastructure. This individual must be safety-conscious, proactive, and capable of working independently while supporting production needs and minimizing equipment downtime.

Responsibilities

- Troubleshoot, diagnose, maintain, and repair manufacturing machinery, including metal-forming presses, hydraulic and pneumatic systems, motors, and related equipment.
- Perform routine and preventative maintenance on production equipment and facility systems.
- Diagnose mechanical problems and replace or repair defective components.
- Assist with general building maintenance, including basic plumbing and equipment installations.
- Maintain accurate maintenance records and report equipment issues to the Facilities Manager.
- Follow all safety procedures, including lockout/tagout (LOTO), and use required PPE.
- Respond to equipment breakdowns and prioritize repairs to minimize production interruptions.
- Work collaboratively with the Facilities Manager, Plant Manager, production employees, and other departments.

Qualifications

Qualifications

- Previous industrial or manufacturing maintenance experience preferred.
- Knowledge of mechanical, hydraulic, and pneumatic systems. (preferred)
- Ability to troubleshoot equipment and use hand tools and power tools safely.
- Strong problem-solving skills and ability to work independently.
- Ability to commute reliably to Mountainside, NJ.
- Willingness to work overtime and Saturdays as needed.

Physical Requirements

- Must be comfortable working at heights and not have a fear of heights that would prevent performing required job duties safely.
- Ability to stand, bend, kneel, reach, and work in various positions throughout the shift.
- Lift, pull, and carry a minimal of 50 lbs.
